State law/policies to extend the supply of prescription contraceptives	No
State law/policies to educate college students about unplanned pregnancy	No
State laws/policies to protect contraceptive coverage	No
Other state laws/policies/initiatives to increase contraceptive access	-

Funding Streams for Teen and Unplanned Pregnancy Prevention <sup>ii</sup>	Current Annual Funding Level
Personal Responsibility Education Funding (PREP) <sup>1</sup>	
State PREP (if state opted to receive formula grant)	-
Competitive PREP grants awarded in the state (if state opted not to receive PREP formula grant)	\$998,819
Tribal PREP	-
Personal Responsibility Education Innovative Strategies (PREIS)	-
Teen Pregnancy Prevention (TPP) Program <sup>1, 2</sup>	\$3,735,999
Pregnancy Assistance Fund (PAF)	-
Title V State Sexual Risk Avoidance Education (if state opted to receive)	\$1,288,913
Sexual Risk Avoidance Education Program <sup>3</sup>	\$1,027,554
Title X Family Planning Program	\$5,000,000 <sup>iv</sup>

State Stats <sup>iii</sup>
432,900 women live in need of publicly funded contraception live in contraceptive deserts
Of these women, 122,170 live in counties where not a single health center provides the full range of birth control methods <sup>iv</sup>
41% births are funded by Medicaid, as of 2017

<sup>1</sup> Evidence-based education programs

<sup>2</sup> This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in IN.

<sup>3</sup> Replaced the Competitive Abstinence Education Program beginning in FY 2016.

## FEDERAL TEEN PREGNANCY PREVENTION GRANTS<sup>4</sup>

### *Current Grants*

#### **Teen Pregnancy Prevention (TPP) Program — Tier 1 (Phase 1) FY 2019 – FY 2020**

Health Care Education and Training (HCET) – Indianapolis, Indiana  
\$493,000

To implement the Educating Communities for Healthy Outcomes (ECHO) Project, HCET will work collaboratively with two youth-serving partner organizations in southern and eastern Indiana: LifeSmart Youth, Inc. and Hoosier Uplands.

PATH Inc. – Portage, Indiana  
\$493,000

PATH, Inc. will replicate Positive Potential™ (developed/published by PATH, Inc); an evidence-based curriculum, in four urban communities in Lake County, Indiana.

#### **Teen Pregnancy Prevention (TPP) Program — Tier 1 FY 2015 – FY 2019**

Healthcare Education and Training, Inc. - Indianapolis, IN  
Program models: *Draw the Line/Respect the Line; Families Talking Together; Raising Healthy Children; Reducing the Risk*  
\$749,999

The Health Care Education and Training (HCET) Clinton County Youth RISE! Project works to improve the behavioral, social, emotional, and sexual health outcomes and reduce teen birth and pregnancy rates for the youth of Clinton County, Indiana. To achieve this goal, the RISE! Project provides evidence-based teen pregnancy prevention programming in four settings in Clinton County: Frankfort Elementary, Middle, and High Schools and in community-based organizations. Based on the needs of the community, HCET has selected four evidence-based programs to implement in each setting.

Centerstone of Tennessee, Inc. - Nashville, TN  
Program models: *Be Proud! Be Responsible!; Making a Difference!; Sexual Health and Adolescent Risk Prevention (SHARP)*  
\$2,000,000

Centerstone of Tennessee's Be in Charge 2 program implements evidence-based teen pregnancy prevention (TPP) programs for 60,000 youth age 10-19 throughout 85 counties, including 60 counties in Tennessee and 14 counties in Kentucky with the highest teen birth rates. In **Indiana**, 11 counties with the highest teen birth rates will receive outreach and resources to train professionals working with high-risk youth. Outreach services will be provided to communities in the same geographic area and are designed to educate youth and adults as well as increase awareness through the use of social media, educational presentations, local community capacity building, resource development and distribution, event sponsorship, and stakeholder training to sustain effective TPP efforts beyond the end of the grant.

---

<sup>4</sup> Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. Indiana opted not to apply for the PREP state formula grant funding, therefore Competitive PREP grants were awarded to other entities in the state on a competitive basis.

**Title V State Sexual Risk Avoidance Education Grant  
FY 2019**

Indiana State Department of Health  
\$1,288,913

The Indiana Department of Health is focusing its State Abstinence Grant on evidence-based or promising programs serving high-risk youth.

**Competitive Personal Responsibility Education Program (PREP)  
FY 2015 – FY 2019**

Health Care Education and Training, Inc. (HCET) - Indianapolis, IN  
\$537,214

HCET plans to serve 565 youth annually, ages 12-19. The program implements Power Through Choices, Teen Outreach Program, and Be Proud Be Responsible curricula at 10 schools, community-based, juvenile detention locations in Marion County, Indiana. HCET also incorporates several adult preparation subjects: healthy relationships, adolescent development, parent-child communication, and healthy life skills.

PATH - Valparaiso, IN  
\$461,605

PATH serves 1,500 youth annually, ages 12-14, at 15 schools within the urban communities of Hammond, East Chicago, Gary, Griffith, Merrillville, and Crown Point. The program implements the Promoting Health Among Teens and Love Notes curricula, and incorporates education on the following adult preparation subjects: adolescent development, parent-child communication, and educational and career success.

## Teen Pregnancy Prevention (TPP) Program — Tier 2

FY 2010 – FY 2014

PATH, Inc. - Valparaiso, IN

\$998,164

## PREGNANCY ASSISTANCE FUND

Funded 2010 – 2013

Indiana State Department of Health - Indianapolis, IN

Service location: Throughout the state of Indiana

Strategies: High schools/Community Service Centers; Public Awareness and Education

\$2,000,000

## TITLE X FAMILY PLANNING SERVICES IN INDIANA <sup>iv</sup>

- Title X–supported centers provided contraceptive care to 21,276 women in Indiana in 2018.<sup>5</sup>
- Services at Title X-supported centers helped women avoid 7,400 unintended pregnancies, which would have resulted in 3,600 births and 2,700 abortions.
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Indiana saved \$51.3 million in public funds in a single year.
- From FY 2010 to FY 2017, the amount of federal funding Indiana received for Title X decreased by \$723,869, resulting in 22,013 fewer (48%) patients served.
- In 2017, prior to the new Title X rule, 36 clinics in Indiana received support from Title X. They included federally qualified health centers (14), family planning centers (13), Planned Parenthood clinics (6), a health department clinic (1), university-based health center (1), and a school-based health center (1).
- In August 2019, the new Title X rule went into effect, forcing some of Indiana’s Title X clinics to exit the program.
