¹ Evidence-based education programs
² This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in IN.
³ Replaced the Competitive Abstinence Education Program beginning in FY 2016.
FEDERAL TEEN PREGNANCY PREVENTION GRANTS

Current Grants

Teen Pregnancy Prevention (TPP) Program — Tier 1 (Phase 1)
FY 2019 – FY 2020
Health Care Education and Training (HCET) – Indianapolis, Indiana
$493,000
To implement the Educating Communities for Healthy Outcomes (ECHO) Project, HCET will work collaboratively with two youth-serving partner organizations in southern and eastern Indiana: LifeSmart Youth, Inc. and Hoosier Uplands.

PATH Inc. – Portage, Indiana
$493,000
PATH, Inc. will replicate Positive Potential™ (developed/published by PATH, Inc); an evidence-based curriculum, in four urban communities in Lake County, Indiana.

Teen Pregnancy Prevention (TPP) Program — Tier 1
FY 2015 – FY 2019
Healthcare Education and Training, Inc. - Indianapolis, IN
Program models: Draw the Line/Respect the Line; Families Talking Together; Raising Healthy Children; Reducing the Risk
$749,999
The Health Care Education and Training (HCET) Clinton County Youth RISE! Project works to improve the behavioral, social, emotional, and sexual health outcomes and reduce teen birth and pregnancy rates for the youth of Clinton County, Indiana. To achieve this goal, the RISE! Project provides evidence-based teen pregnancy prevention programming in four settings in Clinton County: Frankfort Elementary, Middle, and High Schools and in community-based organizations. Based on the needs of the community, HCET has selected four evidence-based programs to implement in each setting.

Centerstone of Tennessee, Inc. - Nashville, TN
Program models: Be Proud! Be Responsible!; Making a Difference!; Sexual Health and Adolescent Risk Prevention (SHARP)
$2,000,000
Centerstone of Tennessee’s Be in Charge 2 program implements evidence-based teen pregnancy prevention (TPP) programs for 60,000 youth age 10-19 throughout 85 counties, including 60 counties in Tennessee and 14 counties in Kentucky with the highest teen birth rates. In Indiana, 11 counties with the highest teen birth rates will receive outreach and resources to train professionals working with high-risk youth. Outreach services will be provided to communities in the same geographic area and are designed to educate youth and adults as well as increase awareness through the use of social media, educational presentations, local community capacity building, resource development and distribution, event sponsorship, and stakeholder training to sustain effective TPP efforts beyond the end of the grant.

---

4 Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. Indiana opted not to apply for the PREP state formula grant funding, therefore Competitive PREP grants were awarded to other entities in the state on a competitive basis.
Title V State Sexual Risk Avoidance Education Grant
FY 2019
Indiana State Department of Health
$1,288,913
The Indiana Department of Health is focusing its State Abstinence Grant on evidence-based or promising programs serving high-risk youth.

Competitive Personal Responsibility Education Program (PREP)
FY 2015 – FY 2019
Health Care Education and Training, Inc. (HCET) - Indianapolis, IN
$537,214
HCET plans to serve 565 youth annually, ages 12-19. The program implements Power Through Choices, Teen Outreach Program, and Be Proud Be Responsible curricula at 10 schools, community-based, juvenile detention locations in Marion County, Indiana. HCET also incorporates several adult preparation subjects: healthy relationships, adolescent development, parent-child communication, and healthy life skills.

PATH - Valparaiso, IN
$461,605
PATH serves 1,500 youth annually, ages 12-14, at 15 schools within the urban communities of Hammond, East Chicago, Gary, Griffith, Merriville, and Crown Point. The program implements the Promoting Health Among Teens and Love Notes curricula, and incorporates education on the following adult preparation subjects: adolescent development, parent-child communication, and educational and career success.

Prior Grants

Competitive Personal Responsibility Education Program (PREP)
FY 2012 – FY 2014
Health Care Education and Training, Inc. - Carmel, IN $789,498

PATH, Inc. - Valparaiso, IN
$998,164

PREGNANCY ASSISTANCE FUND
Funded 2010 – 2013
Indiana State Department of Health - Indianapolis, IN
Service location: Throughout the state of Indiana
Strategies: High schools/Community Service Centers; Public Awareness and Education
$2,000,000

TITLE X FAMILY PLANNING SERVICES IN INDIANA

• Title X–supported centers provided contraceptive care to 21,276 women in Indiana in 2018.5
• Services at Title X-supported centers helped women avoid 7,400 unintended pregnancies, which would have resulted in 3,600 births and 2,700 abortions.
• By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Indiana saved $51.3 million in public funds in a single year.
• From FY 2010 to FY 2017, the amount of federal funding Indiana received for Title X decreased by $723,869, resulting in 22,013 fewer (48%) patients served.
• In 2017, prior to the new Title X rule, 36 clinics in Indiana received support from Title X. They included federally qualified heath centers (14), family planning centers (13), Planned Parenthood clinics (6), a health department clinic (1), university-based health center (1), and a school-based health center (1).
• In August 2019, the new Title X rule went into effect, forcing some of Indiana’s Title X clinics to exit the program.
