¹ Evidence-based education programs
² May include multi-state grants and/or grants awarded to an organization in another state that benefit youth in MA
³ Replaced the Competitive Abstinence Education Program beginning in FY 2016
⁴ Relates to school-based programming only
FEDERAL TEEN PREGNANCY PREVENTION GRANTS

Current Grants

State Personal Responsibility Education Program (PREP)
FY 2019
Massachusetts Department of Public Health
$1,042,236
Massachusetts is using PREP funding to provide evidence-based teen pregnancy prevention programs within select schools and community-based organizations to at-risk youth across the state.

Teen Pregnancy Prevention (TPP) Program — Tier 2
Planned Parenthood of the Great Northwest (PPGNW) - Seattle, WA
Program model: IN•clued: Inclusive Healthcare—Youth and Providers Empowered
$1,000,000
PPGNW intends to prevent teen pregnancy and sexual transmitted infections in the LGBTQ youth population. In order to achieve this goal, PPGNW implements the In•clued program delivered in 14 communities in Alaska, Massachusetts, Minnesota, Montana, Oregon, Utah, and Washington through the PPGNW Teen Council Peer Education program. Each teen council will deliver trainings to two different audiences: 1) IN•clued for health care staff and providers, a three hour workshop delivered by peer teen educators in two 1.5 hour segments that include best practices for working with LGBTQ youth; and 2) IN•clued for LGBTQ youth, a three hour interactive workshop delivered by teen peer educators to their peers who identify as LGBTQ. The workshop includes education related to sexual risk prevention and information about how to access sexual health services.

Prior Grants

Personal Responsibility Education Innovative Strategies (PREIS)
FY 2010 – FY 2015
Education Development Center, Inc. - Newton, MA
Project name: More Than a Dream Teen Pregnancy Prevention for Latino Youth

Program Categories: High schools/Community Service Centers
$1,360,940

Massachusetts Department of Public Health - Boston, MA
Program Categories: High schools/Community Service Centers
$1,500,000
TITLE X FAMILY PLANNING SERVICES IN MASSACHUSETTS

• Title X–supported centers provided contraceptive care to 63,566 women in Massachusetts in 2018.6
• Services at Title X-supported centers helped women avoid 13,600 unintended pregnancies, which would have resulted in 6,600 births and 4,900 abortions.
• By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Massachusetts saved $140.6 million in public funds in a single year.
• From FY 2010 to FY 2017, the amount of federal funding Massachusetts received for Title X increased by $92,339, resulting in 6,829 more (10%) patients served.
• In 2017, prior to the new Title X rule, 93 clinics in Massachusetts received support from Title X. They included federally qualified health centers (36), hospitals (15), school-based health centers (12), Health Imperatives Inc. clinics (12), family planning health centers (8), Planned Parenthood clinics (5), Health Quarters Inc. clinics (3) university-based health center (1) and a local health department (1).
• In August 2019, the new Title X rule went into effect, forcing two of Massachusetts’ Title X grantees to exit the program. As a result, the state has lost 69% of its Title X funding.
