| Title X Family Planning Program | \$1,400,000 (but losing 43% of funds) ^{iv} |

| State Stats ⁱⁱⁱ |
|--|
| 58,340 women in need of publicly funded contraception live in contraceptive deserts. ^{iv} |
| 26% births are funded by Medicaid, as of 2018 |

¹ Evidence-based education programs

² This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in NH

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

Current Grants

State Personal Responsibility Education Program (PREP)

New Hampshire Department of Health and Human Services

\$250,000

The New Hampshire PREP grant supports evidence-based programming geared toward older teens as well as pregnant and parenting teens in Manchester and in Sullivan County. In New Hampshire, 75% of teen births occur among teens ages 18 – 19.

Prior Grants

Pregnancy Assistance Fund

FY 2015 – FY 2019

New Hampshire Department of Education

Concord, NH

\$381,731

TITLE X FAMILY PLANNING SERVICES IN NEW HAMPSHIRE^{iv}

- Title X–supported centers provided contraceptive care to 14,008 women in New Hampshire in 2018.⁵
- Services at Title X-supported centers helped women avoid 4,300 unintended pregnancies, which would have resulted in 2,100 births and 1,600 abortions.
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in New Hampshire saved \$16.1 million in public funds in a single year.
- From FY 2010 to FY 2017, the amount of federal funding New Hampshire received for Title X decreased by \$65,715, resulting in 9,423 fewer (37%) patients served.
- In 2017, prior to the new Title X rule, 15 clinics in New Hampshire received support from Title X. They included federally qualified health centers (8), Planned Parenthood clinics (5), and family planning health centers (2).
- In August 2019, the new Title X rule went into effect, forcing one of New Hampshire’s Title X grantees to exit the program. As a result, the state has lost 43% of its Title X funds.

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

About Power to Decide: *Power to Decide, the campaign to prevent unplanned pregnancy, works to ensure that every young person has the power to decide if, when, and under what circumstances to get pregnant and have a child—increasing their opportunity to pursue the future they want. Join us at PowerToDecide.org.*
