State Stats ⁱⁱⁱ
299,880 women in need of publicly funded contraception live in contraceptive deserts.
Of these women, 1,650 live in counties without a single health center that provides the full range of birth control methods. ^{iv}
58% births are funded by Medicaid, as of 2017

¹ Evidence-based education programs

² This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in OK

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

Current Grants

State Personal Responsibility Education Program (PREP)

FY 2019

Oklahoma State Department of Health

\$655,696

The Oklahoma State Department of Health implements the state's PREP grant program through sub-grants to local health departments in Oklahoma City and Tulsa. Evidence-based programs are provided primarily in school settings, and focus on African American, Latino, and Native American youth.

Title V State Sexual Risk Avoidance Education Grant

FY 2019

Oklahoma State Department of Health

\$925,065

The Oklahoma Department of Health administers the State Abstinence Education Grant Program in collaboration with three local entities. The funded programs target elementary and middle school aged children and their parents.

Teen Pregnancy Prevention (TPP) Program — Tier 2

FY 2018 - 2019

Thrive, Inc. - Oklahoma City

\$374,463

Thrive, Inc. will implement an innovative, multi-level systems approach to teen pregnancy prevention with youth, their families, and their communities in Oklahoma County, OK, with a focus on Latino and Native American youth. Thrive, Inc. will partner with local education, health, and community-based organizations to implement Postponing Sexual Involvement and Teen Speak, two trauma-informed sexual risk-reduction curricula developed for youth and parents, respectively. At the systems level, a network of collaborative organizations and partners will be integrated into the existing Thrive, Inc. collective impact model of change.

Teen Pregnancy Prevention (TPP) Program — Tier 1

FY 2015 - 2019

Choctaw Nation of Oklahoma - Durant, OK

Program models: *Draw the Line/Respect the Line; Safer Choices; All4You!*

\$1,175,000

The Choctaw Nation of Oklahoma intends to have a significant impact on reducing rates of teen pregnancy and existing disparities by replicating evidence-based teen pregnancy prevention programs in middle schools, high schools, and alternative schools in Choctaw, McCurtain, and Pushmataha counties, three counties in Southeast Oklahoma with some of the highest teen pregnancy rates.

Oklahoma City-County Health Department - Oklahoma City, OK

Program models: *Making Proud Choices; Making a Difference; Be Proud! Be Responsible!*

\$1,200,000

The Oklahoma City-County Health Department will deliver evidence-based programming in partnership with the Oklahoma City Public School System, including programs in 6th, 9th, 10th, and 12th grade settings. The program will also implement evidence programs in post-secondary settings, targeting in-

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted.

coming college freshman. The program will develop the capacity of selected area clinics to provide teen-friendly services and to create linkages to these services via a coordinated system of referrals. Finally, the program will increase awareness and ownership of the issue within the targeted communities.

Youth Services of Tulsa, Inc. - Tulsa, OK

Program models: *Making Proud Choices; Making a Difference; SHARP; CAS-Carrera;*

\$1,499,600

Youth Services of Tulsa, the Tulsa Campaign to Prevent Teen Pregnancy, and Community Service Council have formed a robust partnership—the Tulsa Area Teen Pregnancy Prevention Collaborative (the Collaborative)—to advance teen pregnancy prevention efforts in Tulsa County. The teen birthrate for Tulsa County females, age 15-19, is 40% higher than the national average and some areas of Tulsa County have a birth rate more than triple the national average. The Collaborative is poised to reduce the birth rate to teens in Tulsa County by mobilizing the community, expanding current efforts, filling gaps, and increasing reach through strategic partnerships. The Collaborative will deliver diverse evidence-based teen pregnancy prevention interventions in seven settings (in-school middle school, in-school high school, alternative school, juvenile detention, community-based, specialized, and clinic) reaching 6,000 youth initially and eventually nearly 10,000 youth by grant year five in 2020. In addition, we will increase the number of youth receiving health care services by increasing the number of referrals and the capacity of area health care providers to offer youth-friendly services.

Prior Grants

Personal Responsibility Education Innovative Strategies (PREIS)

FY 2010 – FY 2015

Oklahoma Institute for Child Advocacy - Oklahoma City, OK

Project Name: *POWER Through Choices 2010: Demonstration, Evaluation and Dissemination Project*

Oklahoma State Department of Health - Oklahoma City, OK

Program Categories: Institutes of Higher Education, High Schools, Community Service Centers, Alternate Settings (primary care facilities)

\$1,360,939

FY 2010 – FY 2013 and FY 2013 – FY 2016

Choctaw Nation of Oklahoma - Durant, OK

Program Categories: High Schools and Community Service Centers and Public Awareness and Education

\$977,432

TITLE X FAMILY PLANNING SERVICES IN OKLAHOMA^{iv}

- Title X–supported centers provided contraceptive care to 39,048 women in Oklahoma in 2018.⁵
- Services at Title X-supported centers helped women avoid 12,800 unintended pregnancies, which would have resulted in 6,200 births and 4,600 abortions.
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Oklahoma saved \$89.5 million in public funds in a single year.
- From FY 2010 to FY 2017, the amount of federal funding Oklahoma received for Title X increased by \$549,952. There was a 35% decline in the number of patients served (25,708) during that time.
- In 2017, prior to the new Title X rule, 99 clinics in Oklahoma received support from Title X. They included Oklahoma State Department of Health clinics (97) and Community Health Connection clinics (2).
