FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

Current Grants

State Personal Responsibility Education Program (PREP)

FY 2021

Alabama Department of Public Health

\$771,179

Alabama's PREP program serves youth ages 10 to 19 who are at high risk of becoming pregnant and contracting sexually transmitted infections. The program implements the *Making Proud Choices*, *Sexual Health and Adolescent Risk Prevention (SHARP)* and *Seventeen Days* curricula in eight counties at youth detention centers, foster and group homes, alternative schools, and youth organizations. Most of the areas served are rural counties and urban centers of Tuscaloosa and Birmingham. Alabama PREP plans to serve 3,275 youth annually by incorporating adulthood preparation subjects, to include adolescent development, healthy life skills, financial literacy, and healthy relationships.

Title V State Sexual Risk Avoidance Education Grant

FY 2021

Alabama Department of Public Health

\$1,283,140

The Alabama Department of Public Health (ADPH) serves 7,500 youth ages 10–14 in the following counties: Autauga, Dallas, Greene, Elmore, Lee, Lowndes, Macon, Mobile, Montgomery, Perry, Tuscaloosa, Walker, and Wilcox. The program offers *Making a Difference*, *HealthSmarts*, or other evidence-based curriculum in schools and community-based youth-serving organizations. Although programming addresses objectives from all federal mandates, ADPH places greater emphasis on preparing youth for more mature responsibilities, decision making and locus of control, and self-efficacy.

Sexual Risk Avoidance Education

FY 2019

Life That Counts - Cullman, AL

\$958,111 (to be spent through FY 2022)

Life that Counts serves middle and high school students ages 11-14 in eight to ten Alabama and Montana Counties using the *Positive Potential* curriculum. They also send a parent newsletter to 2,400 parents/caregivers. The program serves 3,100 youth total in grades 6-8.

TITLE X FAMILY PLANNING SERVICES IN ALABAMA ^{iv}

- Title X–supported centers provided contraceptive care to 71,324 women in Alabama in 2019.⁵
- Services at Title-X supported centers helped women avoid 22,500 unintended pregnancies, which would have resulted in 10,900 births and 8,100 abortions.
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Alabama saved \$122.6 million in public funds in a single year.
- From FY 2010 to FY 2017, the amount of federal funding Alabama received for Title X decreased by \$597,978, resulting in 22,300 fewer (21%) patients served.
- In 2019, 83 clinics in Alabama received support from Title X, all of which are operated by the state and local health departments.

⁵“Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding), including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.
