¹ Evidence-based education programs

² This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in SC. ³ Replaced the Competitive Abstinence Education Program beginning in FY 2016

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴ Current Grants

State Personal Responsibility Education Program (PREP) FY 2021

South Carolina Department of Health and Environmental Control \$801,435 South Carolina's PREP program plans to serve 3,050 youth annually, ages 15 to 19. Its target population includes youth in foster care and the juvenile justice system as well as African-American and Hispanic youth. The program implements *Making Proud Choices, Be Proud, Be Responsible, Making A Difference, Safer Choices,* and *Reducing the Risk* in Dillon, Barnwell and Bamberg county schools and community-based settings. South Carolina PREP incorporates education on adulthood preparation subjects, to include parent-child communication, healthy life skills, and healthy relationships.

Title V State Sexual Risk Avoidance Education FY 2021

South Carolina Department of Health and Environmental Control \$1,161,566 The state serves 4,000 youth ages 10—19 in mostly rural schools and community-based organizations. Curricula used include: *Heritage Keepers Abstinence Education, Sex Can Wait,* and *Making a Difference.* New grantees will choose evidence-based/informed curricula. In addition to school or community-based, evidence-based and/or informed programs, South Carolina also supports efforts to improve parent-child communication about reproductive health and sexual risk avoidance as well as a statewide social media strategy to raise community awareness and support for adolescents to delay sexual activity until marriage.

Teen Pregnancy Prevention (TPP) Program - Tier 1 FY 2020 - FY 2023

Fact Forward Sc \$828,978
Fact Forward will use the Adult Identity Monitoring for Teen Moms curriculum to implement the Expanding Opportunities for Teen Mothers and Families in South Carolina project. The project will serve recent teen mothers aged 15-19 in Aiken and Anderson Counties, which have higher than national average STI and teen birth rates. The project aims to reduce rapid repeat pregnancies and STIs, increase economic stability among teen mothers in high need areas, and to serve 74 youth annually.

South Carolina Center for Fathers and Families Columbia, SC \$1,355,162 The South Carolina Center for Fathers and Families will collaborate with the South Carolina Department of Juvenile Justice (SCDJJ) on the Building Better Bridges to Optimal Health project to deliver an integrated approach and robust set of services that will impact the optimal health of youth served by the SCDJJ long-term facilities and in the community within the targeted counties. The project identifies and addresses leverage points in the system, including risk factors for the target population, the delivery of proven effective curricula Power Through Choices. The project aims to serve 300 youth annually in Berkeley, Charleston, Dorchester, Greenville, Lexington, Richland, Spartanburg, and Union Counties. The target populations to be served are youth aged 13-19; African American young men; youth residing in SCDJJ long-term facilities and youth served by SCDJJ in the community via probation, parole, and alternatives to detention.

2

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted.

The grantee will implement the Optimally Changing the Map for Teen Pregnancy Prevention in Spartanburg project to prevent risk- taking behaviors and promote optimal adolescent health in Spartanburg County. The project will increase protective factors to achieve optimal health through proven effective curricula that target youth and families/caregivers including: Nu-Culture; Love Notes; AIM4Teen Pregnancy; Sisters, Informing, Healing, Living, Empowering; Aban Aya; Seventeen Days; Sexual Health and Adolescent Risk Prevention; Teen Outreach Program®; and Teen Triple P. by targeting youth and their families, the project will increase the coordination and effectiveness of their efforts to promote healthy youth development in schools, communities, and anchor institutions. The project aims to serve almost 6,000 youth annually in high need areas of Spartanburg County. The target populations to be served are youth aged 13-19; expecting and parenting youth; youth who are African American, Latinx, or LGBTQ+; youth who have experienced adverse childhood experiences; and youth with low academic performance or mental health and substance abuse disorders.

The Children's Council

Lancaster, SC

\$658,712

The grantee will implement a project to address problematic youth behaviors such as teen pregnancy, substance abuse, school dropout, violence, and gang affiliation. Together with over 40 partners, The Children's Council will use several proven effective curricula, such as the Teen Outreach Program®, Positive Prevention Plus, Seventeen Days, and Families Talking Together to expose youth to a range of academic, cultural, artistic, and recreational resources to teach pro-social skills, self-regulation, and peer refusal. The project will utilize a community awareness campaign to ensure the greatest impact and aims to serve 2,379 youth annually in Lancaster, SC. The target populations to be served are youth in middle schools, high schools, and those in the first year of college.

Teen Pregnancy Prevention (TPP) Program – Tier 2 FY 2020 – FY 2023

Fact Forward Columbia, SC

\$1,839,280

The grantee will establish, coordinate, and support a multidisciplinary and diverse network to develop, test, refine, evaluate, and disseminate innovative strategies to increase access and linkages to sexual health services for youth of color in Orangeburg and Richland counties. This network will include high schools, historically black colleges and universities (HBCU), local health departments (Title X clinic) and/or federally qualified health centers, community-based organizations, local businesses, parents and other youth-supporting adults. The network of partners will participate in a learning collaborative based on the Institute for Healthcare Improvement's Breakthrough Series Model.

Sexual Risk Avoidance Education Program FY 2020 - FY 2023

Pee Dee Healthy Start, Inc.

Florence, SC

\$445,834

The grantee delivers the Love Notes 3.0 Sexual Risk Avoidance Adaptation (SRA) Evidence-Based Program (EBP) curriculum to 825 youth ages 15—19 and 83 parents/caregivers. The grantee serves rural school and community settings in Dillon and Marion Counties.

FY 2019 (to be spent through FY 2021)

Heritage Community Services

Charleston, SC

\$958,776

Heritage Community Services of Charleston, South Carolina, serves 3,570 youth ages 11-18 and 3,600 parents/caregivers in multiple counties near Charleston, South Carolina. The

program serves youth within Title I schools using the *Heritage Keepers Life Skills/Abstinence* curricula.

TITLE X FAMILY PLANNING SERVICES IN SOUTH CAROLINA IV

- Title X-supported centers provided contraceptive care to 55,908 women in South Carolina in 2019.⁵
- Services at Title X-supported centers helped women avoid 20,200 unintended pregnancies, which would have resulted in 9,800 births and 7,300 abortions.
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in South Carolina saved \$169.4 million in public funds in a single year.
- From FY 2010 to FY 2017, the amount of federal funding South Carolina received for Title X decreased by \$1,300,331, resulting in 21,914 fewer (23%) patients served.
- In 2019, 58 clinics in South Carolina received support from Title X. The South Carolina Department of Health and Environmental Control operated all 58 clinics.
