

the campaign to prevent unplanned pregnancy

## Key Information about Idaho as of January 2019

State Policies to Increase Access to and Information About Contraception*	Does State Have Law or Policy?
Expand Medicaid to childless adults as the ACA allows	Yes <sup>†</sup>
Medicaid Family Planning Waiver or State Plan Amendment (SPA)	No
Medicaid reimbursement for postpartum LARC	Yes
State law/policies that allow pharmacists to prescribe contraception	No
State law/policies to extend the supply of prescription contraceptives	No
State law/policies to educate college students about unplanned pregnancy	No
Other state laws/policies/initiatives to increase access to contraception	-

<sup>†</sup> In November 2018, voters approved a ballot initiative to expand Medicaid. The Idaho Department of Health and Welfare must submit a Medicaid state plan amendment to the federal government by mid-February 2019.

Funding Streams for Teen and Unplanned Pregnancy Prevention**	Current Annual Funding Level
Personal Responsibility Education Funding (PREP) <sup>1</sup>	
State PREP (if state opted to receive formula grant)	\$275,647
Competitive PREP grants awarded in the state (if state opted not to receive PREP formula grant)	-
Tribal PREP	-
Personal Responsibility Education Innovative Strategies (PREIS)	-
Teen Pregnancy Prevention (TPP) Program <sup>1, 2</sup>	\$1,000,000
Pregnancy Assistance Fund (PAF)	-
Title V State Sexual Risk Avoidance Education (if state opted to receive formula grant)	-
Sexual Risk Avoidance Education Program <sup>3</sup>	-
Title X Family Planning Program	\$1,579,000

State Stats
45% births are funded by Medicaid, as of 2013

<sup>1</sup> Evidence-based education programs

<sup>2</sup> This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in ID.

<sup>3</sup> Replaced the Competitive Abstinence Education Program beginning in FY 2016.

## FEDERAL TEEN PREGNANCY PREVENTION GRANTS<sup>4</sup>

### State Personal Responsibility Education Program (PREP)

Idaho Department of Health and Welfare

\$275,647

The Idaho Department of Health and Welfare is using PREP funds to provide evidence-based programs through seven sub-grantees, primarily local health districts. Programming takes place in school and community-based settings, focusing on Latino youth, runaway and homeless teens, and youth in high need areas.

### Teen Pregnancy Prevention (TPP) Program — Tier 2

**FY 2015 – FY 2019**

Planned Parenthood of the Great Northwest

Seattle, WA

Program models: *Linking Families and Teens (LiFT)*

\$1,000,000

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNW) intends to reduce teen pregnancy rates, increase use of contraceptives, and delay initiation of sexual activity among rural, 9-12th grade youth by increasing parent-child connectedness, and increasing youth's self-efficacy, knowledge, and skill related to sexual health and pregnancy prevention in Washington, **Idaho**, Oregon, Utah, Alaska, and Hawaii. To achieve this goal, PPGNW implements LiFT, a program designed specifically for rural communities that brings 9-12th grade youth and their parenting adult together to share family values, strengthen family bonds, and talk about healthy relationships and sexual health.

Planned Parenthood of the Great Northwest

Seattle, WA

Program models: *All4You, Families Talking Together, Love Notes, Sisters Saving Sisters, Safer Sex Intervention, Get Real, Positive Prevention Plus*

\$999,999

The Northwest Coalition for Adolescent Health will deliver evidence-based teen pregnancy prevention programs to scale across four states, in seven communities with disparately high teen pregnancy rates. The communities are **Caldwell, ID**; Salem, OR; South Salt Lake City, Utah; Centralia, WA; East Tacoma, WA; and Mt. Vernon, WA. In each community there are three distinct implementation settings ranging from faith-based institutions, to foster care youth programs, to high school settings and school based health centers.

Planned Parenthood of Greater Washington and North Idaho

Spokane, WA

Program models: *Project AIM, All4You!, Get Real, Making Proud Choices!, Seventeen Days, SHARP*

\$963,670

The goal of the Healthy Youth Collaborative is to reach a minimum of 2,000 youth across four communities in Washington by bringing evidence-based teen pregnancy prevention programs to scale. To achieve this goal, Planned Parenthood of Greater Washington and North Idaho implements Healthy Youth Collaborative programming within each community, in four different settings including middle and high schools, health centers, community-based organizations, and juvenile justice facilities. A curriculum has been chosen so that there is an appropriate evidence-based program for each setting.

---

<sup>4</sup> Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

## **Teen Pregnancy Prevention (TPP) Program — Tier 1 FY 2010 – FY 2014**

Planned Parenthood of the Great Northwest  
Seattle, WA

Program model: *Teen Outreach Program*<sup>TM</sup>  
\$4,000,000

Planned Parenthood of the Great Northwest (PPGNW) is a partnership among six Planned Parenthood affiliates collaborating to administer the *Teen Outreach Program*<sup>TM</sup> across five states. The partnership proposes to target high-risk youth particularly of African American, Native American, Russian and Ukrainian races/ethnicities in 27 counties in Alaska, Idaho, Montana, Oregon and Washington. The program will serve 8,000 youth in grades 7-12 (ages 12-17) in school and in after-school programs. The project also includes an independently conducted rigorous evaluation. The outcomes of the program are to successfully reduce teen pregnancy rates, decrease onset of sexual activity, increase contraception use among sexually active youth, decrease academic failure and increase positive attitudes toward service and community engagement.

## **TITLE X FAMILY PLANNING SERVICES IN IDAHO**

- Title X–supported centers provided contraceptive care to 16,730 women in Idaho in 2013.<sup>5</sup> These services helped women avoid 4,000 unintended pregnancies, which would have resulted in 1,900 births and 1,400 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Idaho would be 48% higher.<sup>6</sup>
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Idaho saved \$29.9 million in public funds in 2010.
- From FY 2010 to FY 2017, the amount of federal funding Idaho received for Title X decreased by \$509,297, resulting in 14,089 fewer (58%) patients served.
- In 2017, 48 clinics in Idaho received support from Title X. They included health department clinics (45), other service sites (2), and Planned Parenthood clinics (1).

***About Power to Decide:*** *Power to Decide, the campaign to prevent unplanned pregnancy, works to ensure that every young person has the power to decide if, when, and under what circumstances to get pregnant and have a child—increasing their opportunity to pursue the future they want. Join us at [PowerToDecide.org](http://PowerToDecide.org).*

---

<sup>5</sup> “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

<sup>6</sup> “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
