<sup>1</sup> Evidence-based education programs

<sup>2</sup> This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in IN.

<sup>3</sup> Replaced the Competitive Abstinence Education Program beginning in FY 2016.

## **FEDERAL TEEN PREGNANCY PREVENTION GRANTS<sup>4</sup>**

### **Title V State Sexual Risk Avoidance Education Grant**

Indiana State Department of Health

\$1,287,732

The Indiana Department of Health is focusing its State Abstinence Grant on evidence-based or promising programs serving high-risk youth.

### **Competitive Personal Responsibility Education Program (PREP)**

#### **FY 2015 – FY 2017**

Health Care Education and Training, Inc. (HCET) - Indianapolis, IN

\$537,214

HCET plans to serve 565 youth annually, ages 12-19. The program implements Power Through Choices, Teen Outreach Program, and Be Proud Be Responsible curricula at 10 schools, community-based, juvenile detention locations in Marion County, Indiana. HCET also incorporates several adult preparation subjects: healthy relationships, adolescent development, parent-child communication, and healthy life skills.

PATH - Valparaiso, IN

\$461,605

PATH serves 1,500 youth annually, ages 12-14, at 15 schools within the urban communities of Hammond, East Chicago, Gary, Griffith, Merrillville, and Crown Point. The program implements the Promoting Health Among Teens and Love Notes curricula, and incorporates education on the following adult preparation subjects: adolescent development, parent-child communication, and educational and career success.

#### **FY 2012 – FY 2014**

Health Care Education and Training, Inc. - Carmel, IN

\$789,498

Indiana Family Health Council, Inc. - Indianapolis, IN

\$750,014

PATH, Inc. - Valparaiso, IN

\$691,213

### **Sexual Risk Avoidance Education Program Grant**

#### **FY 2016 – FY 2018**

Health Education and Training, Inc. - Indianapolis, IN

\$548,104

Indianapolis Family Health Council, Inc. - Indianapolis, IN

\$479,450

### **Competitive Abstinence Education Grant Program**

#### **FY 2015**

PATH, Inc. - Valparaiso, IN

\$500,286 (to be spent through FY 2016)

---

<sup>4</sup> Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. Indiana opted not to apply for the PREP state formula grant funding, therefore Competitive PREP grants were awarded to other entities in the state on a competitive basis.

**FY 2014**

Health Care Education and Training, Inc. - Carmel, IN  
\$425,352 (to be spent through FY 2015)

**FY 2012**

Evansville Christian Life Center - Evansville, IN  
\$244,110 (to be spent through FY 2013)

The PEERS Project of Indiana, Inc. - Indianapolis, IN  
\$611,592 (to be spent through FY 2013)

**Teen Pregnancy Prevention (TPP) Program — Tier 1  
FY 2015 – FY 2019**

Healthcare Education and Training, Inc. - Indianapolis, IN  
Program models: *Draw the Line/Respect the Line; Families Talking Together; Raising Healthy Children; Reducing the Risk*  
\$749,999

The Health Care Education and Training (HCET) Clinton County Youth RISE! Project works to improve the behavioral, social, emotional, and sexual health outcomes and reduce teen birth and pregnancy rates for the youth of Clinton County, Indiana. To achieve this goal, the RISE! Project provides evidence-based teen pregnancy prevention programming in four settings in Clinton County: Frankfort Elementary, Middle, and High Schools and in community-based organizations. Based on the needs of the community, HCET has selected four evidence-based programs to implement in each setting.

Centerstone of Tennessee, Inc. - Nashville, TN  
Program models: *Be Proud! Be Responsible!; Making a Difference!; Sexual Health and Adolescent Risk Prevention (SHARP)*  
\$2,000,000

Centerstone of Tennessee's Be in Charge 2 program implements evidence-based teen pregnancy prevention (TPP) programs for 60,000 youth age 10-19 throughout 85 counties, including 60 counties in Tennessee and 14 counties in Kentucky with the highest teen birth rates. In **Indiana**, 11 counties with the highest teen birth rates will receive outreach and resources to train professionals working with high-risk youth. Outreach services will be provided to communities in the same geographic area and are designed to educate youth and adults as well as increase awareness through the use of social media, educational presentations, local community capacity building, resource development and distribution, event sponsorship, and stakeholder training to sustain effective TPP efforts beyond the end of the grant.

**Teen Pregnancy Prevention (TPP) Program — Tier 2  
FY 2010 – FY 2014**

PATH, Inc. - Valparaiso, IN  
Program model or strategy: *Planned Potential*  
\$998,164

PATH, Inc. (A Positive Approach to Teen Health) is delivering the longitudinal three-year curriculum *Planned Potential* to 12 Indiana middle schools in the rural Indiana counties of La Porte, Starke, Jasper, and Pulaski. The *Planned Potential* program is a combination of *Project AIM (Adult Identity Mentoring)* with the addition of new materials published by PATH known as "Pathblazer." This intervention incorporates a positive youth development strategy with an abstinence approach to sex education and aims to increase youth's ability to make healthy choices regarding high-risk behaviors, reduce teen pregnancy and STDs/HIV, and also increase high school completion.

## **Pregnancy Assistance Fund**

**Funded 2010 – 2013**

Indiana State Department of Health - Indianapolis, IN

Service location: Throughout the state of Indiana

Strategies: High schools/Community Service Centers; Public Awareness and Education

\$2,000,000

### **TITLE X FAMILY PLANNING SERVICES IN INDIANA**

- Title X–supported centers provided contraceptive care to 30,660 women in Indiana in 2014.<sup>5</sup> These services helped women avoid 7,400 unintended pregnancies, which would have resulted in 3,600 births and 2,700 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Indiana would be 37% higher.<sup>6</sup>
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Indiana saved \$51.3 million in public funds in 2010.
- From FY 2010 to FY 2017, the amount of federal funding Indiana received for Title X decreased by \$723,869, resulting in 22,013 fewer (48%) patients served.
- In 2017, 36 clinics in Indiana received support from Title X. They included federally qualified health centers (14), family planning centers (13), Planned Parenthood clinics (6), a health department clinic (1), university-based health center (1), and a school-based health center (1).

***About Power to Decide:*** *Power to Decide, the campaign to prevent unplanned pregnancy, works to ensure that every young person has the power to decide if, when, and under what circumstances to get pregnant and have a child—increasing their opportunity to pursue the future they want. Join us at [PowerToDecide.org](http://PowerToDecide.org).*

---

<sup>5</sup> “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

<sup>6</sup> “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
