¹ Evidence-based education programs

² This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in WY

³ Replaced the Competitive Abstinence Education Program beginning in FY 2016

FEDERAL TEEN PREGNANCY PREVENTION GRANTS⁴

State Personal Responsibility Education Program (PREP)

Wyoming Department of Health

\$250,000

The Wyoming Department of Health administers the state's PREP grant and it is managed collaboratively between the Communicable Disease and Adolescent Health programs. The Wyoming PREP grant program is implemented state wide both in school and community based settings. The program uses evidence-based curricula and targets adolescents between the ages of 12 and 17 years, with a special outreach focus on foster youth and youth with disabilities. School based programming is targeted at 9th grade.

TITLE X FAMILY PLANNING SERVICES IN WYOMING

- Title X–supported centers provided contraceptive care to 7,950 women in Wyoming in 2014.⁵ Those services helped women avoid 1,900 unintended pregnancies, which would have resulted in 900 births and 700 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in Wyoming would be 62% higher.⁶
- By preventing sexually transmitted diseases, cervical cancer, and unplanned pregnancies, Title X-supported centers in Wyoming saved \$24.1 million in public funds in 2010.
- From FY 2010 to FY 2017, the amount of federal funding Wyoming received for Title X decreased by \$32,784, resulting in 6,758 fewer (51%) patients served.
- In 2017, 19 clinics in Wyoming received support from Title X, including family planning health centers (11), health department clinics (7), and university-based health clinics (1).

***About Power to Decide:** Power to Decide, the campaign to prevent unplanned pregnancy, works to ensure that every young person has the power to decide if, when, and under what circumstances to get pregnant and have a child—increasing their opportunity to pursue the future they want. Join us at PowerToDecide.org.*

⁴ Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.

⁵ “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

⁶ “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
