1 Evidence-based education programs

2 This may include multi-state grants and/or grants awarded to an organization in another state that benefit youth in NM

3 Replaced the Competitive Abstinence Education Program beginning in FY 2016
FEDERAL TEEN PREGNANCY PREVENTION GRANTS

State Personal Responsibility Education Program (PREP)
New Mexico Department of Health
$316,467
The New Mexico PREP grant program supports public and private entities to provide evidence-based programs for youth in both school and community-based programs throughout the state.

Personal Responsibility Education Innovative Strategies (PREIS)

FY 2016 – FY 2020
Capacity Builders, Inc.
Farmington, NM
$508,255

FY 2010 – FY 2015
Education Development Center, Inc.
Newton, MA
Project name: More Than a Dream Teen Pregnancy Prevention for Latino Youth
$773,359
More than a Dream Teen Pregnancy Prevention for Latino Youth is a collaboration between Education Development Center, the University of Michigan School of Nursing, and the League of United Latin American Citizens’ National Educational Service Centers (LNESC), to find developmentally appropriate and culturally and linguistically relevant youth and parent interventions that address sexual health and pregnancy prevention among Latino youth. The project will evaluate the youth intervention Cuídate (Take Care of Yourself) and the parent intervention Salud y éxito (Health & Success), as well as a combined youth-parent program called Más que un sueño (More Than a Dream). Work will take place at four LNESC sites, in Albuquerque, NM, Colorado Springs, CO, El Paso, TX, and Kansas City, MO, with the goal of reducing sexual and other risk behaviors. Participants will be younger Latino adolescents, ages 12 to 14, and their parents.

Tribal PREP

FY 2016 – FY 2020
Tewa Women United
$359,838
Tewa Women United’s PREP program implements the Discovery Dating curriculum in schools settings, providing adulthood preparation education in healthy relationships, adolescent development, financial literacy, parent-child communication, and healthy life skills. The program serves approximately 40 youth annually, targeting youth ages 10 to 19 years, and pregnant and parenting youth under age 21 in six Tewa speaking Pueblos in New Mexico, and northern Santa Fe and Rio Arriba counties.

FY 2011 – FY 2015
Tewa Women United
$192,681
Zuni Youth Enrichment Project
$245,943

4 Federal teen pregnancy prevention grants are listed as annual amounts, unless otherwise noted. State PREP, Tribal PREP, and Title V State Abstinence grant amounts, where applicable, reflect the most recent annual award.
Title V State Abstinence Education Grant
New Mexico Department of Health
$628,821

Teen Pregnancy Prevention (TPP) Program — Tier 2
FY 2015 – FY 2019

University of New Mexico Health Science Center
Albuquerque, NM
Program models: Brief Intervention
$1,000,000
The University of New Mexico Health Sciences Center is working to develop and rigorously evaluate a brief, motivational interviewing-based intervention for teens at risk for unintended pregnancy in primary care. The Brief Intervention targets teens identified via primary care screening to be at risk for pregnancy and can be integrated into routine medical care through a 15-minute individual contact session using a motivational interviewing-based approach. The Brief Intervention will be tested with primarily low income Hispanic and Native American teens (ages 14-19) attending primary care clinics at the Atrisco Center for Family and Community Health and the Albuquerque Job Corps Wellness Center.

Policy and Research, LLC
New Orleans, LA
Program model: Trauma Informed Approach for Adolescent Sexual Health (TIAASH)
$808,386
Policy and Research, LLC intends to implement and monitor a high-quality rigorous evaluation of the Practice Self-Regulation (PS-R) intervention. PS-R is designed for youth age 14-19 who have experienced trauma and are receiving outpatient counseling services. It is composed of 10 structured, one-on-one therapy-education sessions delivered by a therapist over a 16-week period and is intended to promote optimal sexual decision-making within the context of individual therapy. The study will take place at multiple outpatient clinics that serve youth age 14-19. Starting in July 2016 and continuing for two years, 600 participants will be enrolled into the study at partner clinics in Albuquerque, NM and Adrian, MI. The 3rd and 4th years of the grant will be used to complete the following tasks: collect follow-up data from study participants; conduct implementation and impact evaluation analysis, reporting, and dissemination efforts; and finalize a complete electronic package of the implementation-ready intervention.

Teen Pregnancy Prevention (TPP) Program — Tier 1
FY 2010 – FY 2014
Capacity Builders, Inc.
Farmington, NM
Program model: Teen Outreach Program™
$988,184
The Navajo Youth Builders coalition targets 11-19 year old Navajo youth on 7 reservation-based Boys & Girls Clubs. Over the next five years, 648 Club children will complete 72 hours of the Teen Outreach Program™ (TOP) curriculum, annually. Participants will learn about relationships, communication, leadership, sexual health, body image, and refusal skills in addition to spending time with Navajo elders and adult role models as they engage in community-based service learning and fun sports and recreational activities. The overall goal of this program is to reduce and ultimately eliminate the occurrence of teen and child pregnancy in the Navajo Nation community.
Teen Pregnancy Prevention (TPP) Program — Tier 2
FY 2010 – FY 2014
National Indian Youth Leadership Project (NIYLP)
Gallup, NM
Program model or strategy: *Web of Life*, adaptation of *Project Venture* and *Circle of Life*
$555,706
The National Indian Youth Leadership Project (NIYLP) is implementing the *Web of Life* Project in rural McKinley County in targeted middle and high schools. The project will serve 1,200 Native American youth ages 12-17. The *Web of Life* Project, a modification of the evidence-based *Project Venture* intervention, combines service learning, experiential learning, parent education, and curriculum-based sexual education. All activities are culturally appropriate for Native American youth. The goals of the project are to reduce teen pregnancy and improve communication skills among participants.

Pregnancy Assistance Fund
New Mexico Public Education Department
Santa Fe, NM
Program Categories: High schools and Community Service Centers, Domestic Violence and Sexual Assault Prevention and Services, and Public Awareness and Education
$1,499,990

TITLE X FAMILY PLANNING SERVICES IN NEW MEXICO

- Title X–supported centers provided contraceptive care to 22,770 women in New Mexico in 2014. These services helped women avoid 5,500 unintended pregnancies, which would have resulted in 2,700 births and 2,000 abortions.
- In the absence of publicly-funded family planning services, the number of unintended pregnancies and abortions in New Mexico would be 47% higher.
- By helping women avoid unintended pregnancies and the births that would follow, the services provided at Title X-supported centers in New Mexico saved $47.6 million in public funds in 2010.
- From FY 2010 to FY 2015, the amount of federal funding New Mexico received for Title X increased by $532,557, which resulted in 15,929 fewer (40%) patients were served.
- In New Mexico, 84 clinics receive support from Title X. They include health department clinics (48), federally qualified health centers (21), school-based health centers (12), private non-profits (2), and universities (1).

About Power to Decide: Power to Decide, the campaign to prevent unplanned pregnancy, works to ensure that every young person has the power to decide if, when, and under what circumstances to get pregnant—increasing their opportunity to pursue the future they want. Join us at PowerToDecide.org.

---

5 “Title X-supported centers” are supported by a mix of funding sources (in addition to Title X funding) including Medicaid, funding from state and local governments, private grants and fundraising, reimbursement from commercial insurance, patient fees, and federal grants.

6 “Publicly-funded family planning services” refers to all public funding sources that support family planning services, including Medicaid, Title X, and other state and federal resources.
